Forward Looking Statements

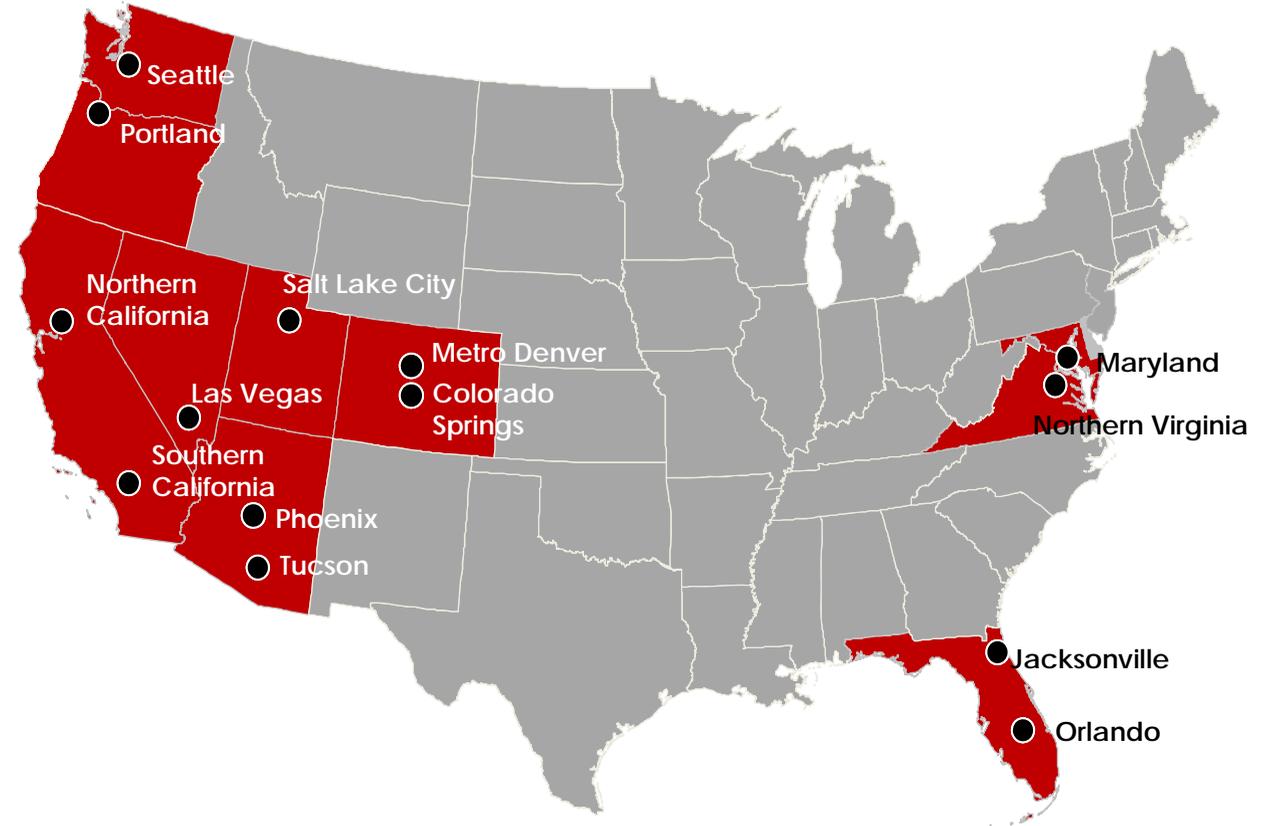

Certain statements in this release, including statements regarding our business, financial condition, results of operation, cash flows, strategies and prospects, constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of MDC to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Such factors include, among other things, (1) general economic conditions, including the impact of the COVID-19 pandemic, changes in consumer confidence, inflation or deflation and employment levels; (2) changes in business conditions experienced by MDC, including restrictions on business activities resulting from the COVID-19 pandemic, cancellation rates, net home orders, gross margins from home sales, land and home values and subdivision counts; (3) changes in interest rates, mortgage lending programs and the availability of credit; (4) changes in the market value of MDC's investments in marketable securities; (5) uncertainty in the mortgage lending industry, including repurchase requirements associated with HomeAmerican Mortgage Corporation's sale of mortgage loans (6) the relative stability of debt and equity markets; (7) competition; (8) the availability and cost of land and other raw materials used by MDC in its homebuilding operations; (9) the availability and cost of performance bonds and insurance covering risks associated with our business; (10) shortages and the cost of labor; (11) weather related slowdowns and natural disasters; (12) slow growth initiatives; (13) building moratoria; (14) governmental regulation, including orders addressing the COVID-19 pandemic, the interpretation of tax, labor and environmental laws; (15) terrorist acts and other acts of war; (16) changes in energy prices; and (17) other factors over which MDC has little or no control. Additional information about the risks and uncertainties applicable to MDC's business is contained in MDC's Form 10-Q for the quarter ended March 31, 2020.

All forward-looking statements made in this presentation are made as of the date hereof, and the risk that actual results will differ materially from expectations expressed in this press release will increase with the passage of time. The Company undertakes no duty to update any forward-looking statements, whether as a result of new information, future events or otherwise. However, any further disclosures made on related subjects in our subsequent filings, releases or presentations should be consulted.

Competitive Advantage and Strategic Focus

2020 INVESTOR MEETING

How MDC is Different

BUILT FOR SUCCESS THROUGH THE HOUSING CYCLE

- ✓ Strong balance sheet
- ✓ 2-3 years land supply
- ✓ Limited amount of speculative inventory
- ✓ Industry leading dividend

Why It Matters

We're focused on homebuilding, not land speculation, which positions us to withstand, and ultimately benefit from, downturns.

Allows us to reward shareholders with an industry leading dividend, which has remained consistent / increased each year since 1994.

DIVERSE PRODUCT MIX WITH AN INCREASING FOCUS ON THE AFFORDABLE SEGMENT

- ✓ Appeal to a number of buyer demographics
- ✓ Benefitting from the Millennial homebuying wave
- ✓ Moving down in price without sacrificing quality or design elements

Allows us to have faster cycle times, increase our absorption pace and improve our gross margin through better pricing power.

Attracts both new homebuyers and move down buyers focused on affordability.

Unique products help differentiate us from peers.

BUILD TO ORDER MODEL

- ✓ Allows for customization
- ✓ Differentiates us in the market as more builders move to a spec strategy
- ✓ "Build-to-order" strategy limits risk vs. speculative building of unsold homes by peer group

Allows us to manage the customer experience from end-to-end.

Customization leads to higher margin sales. We've proven we can generate order rates above peer group average without the use of specs.

Model is consistent with our risk averse operating philosophy.

Appendix – Reconciliation of Non-GAAP Financial Measures

2020 INVESTOR MEETING

Reconciliation of Non-GAAP Financial Measures

“Net debt” and “net capital” are non-GAAP financial measures, and should not be considered in isolation or as an alternative to performance measures prescribed by GAAP. The table below reconciles “net debt” and “net capital” to debt and capital as calculated based on GAAP. We believe the ratio of net debt to net capital, also known as “net debt-to-capital” is meaningful to investors as management uses the ratio in understanding the leverage employed in our operations and as an indicator of our ability to obtain external financing. Furthermore, we utilize this information for comparative purposes within our industry.
